Fire Station Face Lifting, Not Relocation, Requested
 The WALTERIA fire station certainly needs a face-lifting, but should remain where it is.
 This is the contention of the WALTERIA Civic Organization in a letter to the City Council, which has tagged the engine house a "disgrace to the city."
 Recently Councilman J. A. Beasley snorted that the only thing that holds the station up are the termites.
 The association disagreed with Councilman George Bradford that the building be abandoned and a new station be built at Torrance Municipal Airport.

School Union Elects Woodman as President
 Permanent officers of the newly formed Local 1101 State, County and Municipal Employees, representing non-teaching employees of the Torrance Unified School District, were installed Saturday.
 The slate is headed by Harold Woodman, president; Richard Poeschel, vice president; Hazel Johnson, secretary and John Doolittle, treasurer.
 Executive board members elected are Larry Briggs, John Moore and James Hedgecock. Trustees are Thomas Whitcomb, Airland Palmer and Hedgecock. Stewards are George Pepper and Ted Stafford, transportation.

Seek Bunco Artist
 Detectives were on the trail of a bunco artist this week who delivered 48 rolls of toilet paper and collected \$14.80 from the bartender at the Open Heart.
 The owner told officers that he never ordered the supply, and anyway, it was worth only \$5.

How to Avoid "on the job" EYESTRAIN

Are your eyes tired and achy after a day's work? If so, and you wear glasses, it's a safe bet that the correction provided by your lenses does not match your working pattern. If your sight reaches constantly from normal reading range to arm's length or beyond, eyestrain is inevitable when your glasses do not provide the proper corrections.

A WORKING AREA ANALYSIS OF YOUR JOB, made right here in our offices will provide the data needed to grind lenses that will relieve the strain that saps your energy and makes you feel below par at quitting time. Come in for a demonstration without the slightest obligation. Easy terms on all glasses.
